Convenient Location

Greendale Grove is a charming community located in Star, offering a small-town feel and a more relaxed lifestyle with the convenience of being close to Boise.

Continuing a proud tradition, the 2024 Hubble Hero Home was brought to life through the dedicated efforts of Hubble Homes and a remarkable team of partners, trade vendors, and subcontractors. This collaborative effort saw the generous donation of revenue proceeds, labor, and materials from Hubble Homes and its extended building partners, aiming to make a significant contribution to local valley non-profits. A heartfelt thank you goes out to all trade partners for their invaluable contributions in making this year's Hero Home a reality and supporting our community in such a meaningful way.
